

School Charter

St. Mary's National School, Croom, is a co-ed Catholic primary school where the staff is committed to the overall development of each individual pupil.

Our mission is to encourage, nurture and develop the spiritual, academic, aesthetic and physical aspects of each pupil in a caring, supportive and safe environment in which pupils can develop a living relationship with God and with other people and a sense of self worth. The school provides religious education for its catholic pupils and promotes the formation of these pupils in the Catholic Faith but is respectful of the rights and needs of pupils of other faiths or none within the school. We aim to achieve our goals in a manner, which is fair and inclusive recognizing the rights and duties of pupils, parents, teachers and management.
