		going through your daily reading.	
--	--	-----------------------------------	--

Read through the lesson for this week's BFGTEU all about signs and symbols. Reflect on the following questions and share your thoughts:

Think about a day in Ireland when you dress up and celebrate Ireland.

Can you think of any symbols that other nationalities might associate with Ireland?

Using the clues on slide 3, match the EU symbols to the clues appropriately.

You will need to research the following questions:

Name any member country of the EU that does not use the Euro currency.

What is special about the euro coins? Have you ever seen any other versions of them other than Irish?
